## آموزش دانلود از دو سرور 4shared و rapidshare

### Salamey.Blogfa.Com

شاید برای شما هم پیش اومده باشه که می خواستین فایلی رو دانلود کنید و به سایتی برخوردید که ندونید چطوری از این سایت دانلود کنید اگه این سایت یکی از دو سایت Rapidshare یا 4Shared باشه دیگه از الان به بعد مشکلی ندارین؛ چون قصد دارم بهتون یاد بدم چطوری از این دو سرور دانلود کنید.

اول بدونید این دو سایت چه فایده ای دارن:

بعضی از افراد هستند که دوست دارن نرم افزار یا بازی یا هر چیز دیگری که دوستش دارن یا بدرد بخوره رو می خوان از روی لطف به دوستان خودشون هم معرفی کنن . ولی وقتی فایل Setup این برنامه تو دست خودشون باشه براحتی میتونن این فایل رو برای دانلود کردن در میان دنیای مجاری اینترنت بذارن. به اشتراک گذاری فایلها در اینترنت میگن آپلود کردن فایل. حالا این دو سایت مکانی برای به اشتراک گذاری (آپلود) فایلها هستند.

خب ابتدا آموزش از سایت Rapidshare :

تصویری از محیط این سایت رو در زیر میبینید ، این تصویر در ابتدا هنگامی که روی دکمه دانلود کلیک میکنید ظاهر میشه. شما باید برای دانلود روی گزینه Free User کلیک کنید.

Users can upload as many files as they want, but these files will be deleted if not downloaded for 60 days. In order to store files permanently, the option "Keep files forever" (subject to fees) must be activated in the account settings. Acquired traffic does not expire anymore.

**Features RapidPro:**

**Direct Download**  
 This feature provides your family, relatives, friends and business partners with a convenient and fast downloading capability, without them having to own a RapidShare Premium Account. They then have the possibility to download at the same speed as a Premium User without the required Hosting-Packages.

**Verification** (available soon)  
 With the RapidBig package you have the option to verify your account. This way you receive the full control over your files stored on the RapidShare servers. Through the verification of your account, files are protected from accidental deletion by our Abuse team. With the verification you confirm that you are permitted by the license holder to use the stored files as you intend.

**License Manager** (available soon)  
 With the LicenseManager you have the possibility to use RapidShare.com to sell your own products (music, programs...). A verification of the account is required in order to take advantage of these features. We will present it to you in the coming weeks.
